Yachts

DISCOVER

We love... Rebel 47

This new take on a classic Rib will enable you to access remote beaches and hidden coves in style. With a large swimming platform, as well as a toy garage, this elegant but functional vehicle is a great companion vessel or stand-alone day boat. **From \$580,000, Andrea Loro, sales manager, +39 039 688 5489, a.loro@sacsmarine.it, sacsmarine.it**

GREEN, GREEN GRACE E

Built in 2014, the 240ft *Grace E* is a superyacht with a conscience. Packing some serious green credentials, she boasts an advanced diesel-electric propulsion system that, with her two Azipods and optimized hull design, enables her to comfortably cruise at 12 knots for more than 7,500 nautical miles. *Grace E* can also sail in ecologically sensitive

areas, since she benefits from a dynamic positioning system that negates the need to drop anchor and potentially harm the marine life below. **Available for charter from \$749,000 per week, +1 212 233 0410, charter@burgessyachts.com, burgessyachts.com**

Grace E's state-of-the-art technology ensures she is right at home even in ecologically fragile destinations

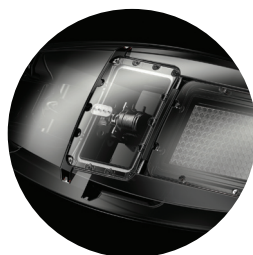

TAKE THREE/// WATER TOYS

Make your own adventure with a well-stocked garage full of toys and the open ocean as your oyster

1 THE WAKEJET

This custom-built toy, the world's first electronic wakeboard, enables users to enjoy the exhilarating speed of wakeboarding with the added freedom and personal control of surfing. We particularly love the Pacific Blue version.

From \$16,000, radinn.com

2 ESCALADE 5M YACHT WALL

Over 16ft in height, the Escalade™ is a floating, inflatable climbing wall. Fun for all the family, it uses a color-coded labeling system: green handles for the easy climb, yellow for the medium climb, and red for the difficult one.

From \$8,940, superyacht tendersandtoys.com

3 YAMAHA FX CRUISER SVHO LIMITED

Able to sit three, this WaveRunner is not only comfortable for long distances, but it also has the power to compete in the sports arena. This indomitable watercraft will be sure to turn heads wherever it goes.
