Eden, 2 Draycott Park, Singapore

Located in the heart of district 10, Eden is a 22-storey residential building comprising 20 freehold apartments, each of which occupies an entire floor. Developed by Swire Properties in collaboration with award-winning designer Thomas Heatherwick, its architecture intertwines nature with luxury urban design – a symbiotic relationship that can be seen in the hanging garden balconies that line their way up the facade. Each apartment spans over 3,000 sq ft and has four en-suite bedrooms. Expect top-of-the-line furnishings, including imported British oak floors and cross-cut Jura limestone from Germany ingrained with 180-million-year-old fossilised imprints.

Price: upon request
